

Model **AB-1DHP**

1" Drive Super-Duty High Power Impact Wrench

Super-duty impacts are engineered and built to withstand the most demanding industrial applications. Featuring bronze end plates, twin hammer clutch, pressure-fed lubrication system and corrosion-resistant internal components for maximum durability. Also offered in a #5 Spline Drive configuration, **Model AB-5SDHP-SB**.

The impact wrenches come standard with steel fwd/rev lever, throttle lever and knurled dead handle. Ideal for the heavy industrial applications found in the petrochemical, steel erection, mining and power generation industries.
